

Shepherd Offshore

Energising industry to support local, regional and global businesses

Neptune Energy Park & The Deep Water Test Tank

Neptune Energy Park (NEP) is a major manufacturing and education cluster on the River Tyne, creating unrivalled capacity and capability with supportive facilities and infrastructure.

The redevelopment of the former Neptune shipyard has created a site of over 80 acres with an operational quay edge, deep water access and heavy loadout capability. Like the Offshore Technology Park, NEP has a world class reputation in service, cost-effectiveness, safety, efficiency and flexibility.

In 2011, the Government designated Neptune Energy Park as an Enterprise Zone. This status enables occupiers to benefit from enhanced capital allowances.

NEP Key Services and Features:

- Neptune Energy Park is a deep water facility with a 750m operating quay length
- O Dockside/Site Crawler Crane CC4800 (SWL 800T) with maximum reach of 78m (e.g. 472T @28m , 66m boom)
- Abnormal & Heavy Load Transport Routes including between OTP, NEP and SEP
- Heavy Load Out Pad 36m x 27m Maximum Load 700T Reels on tracks
- O Maximum Mobile Crane Out Rigger Loading 24.5T per m²
- Open 365 Days a year. 24 hours a day (subject to notice and agreement) \bigcirc
- Vessel berthage and embarkment teams \bigcirc
- Vessel mobilisation or demobilisation capabilities \bigcirc
- Project management and tailored support teams
- Lifting and or engineering specialists
- Material and or product handling and fabrication services \bigcirc
- Cargo releasing, sea fastening, lashing and securing specialists
- O Logistics and or Procurement services
- **O** Over 100,000m² Open Storage Area Adjacent to Quay Frontage
- O Over 46,600m² Internal Concreted Yard Available
- O Roll on, roll off capabilities from quayside

Adjacent concrete support area of over 30,000m²

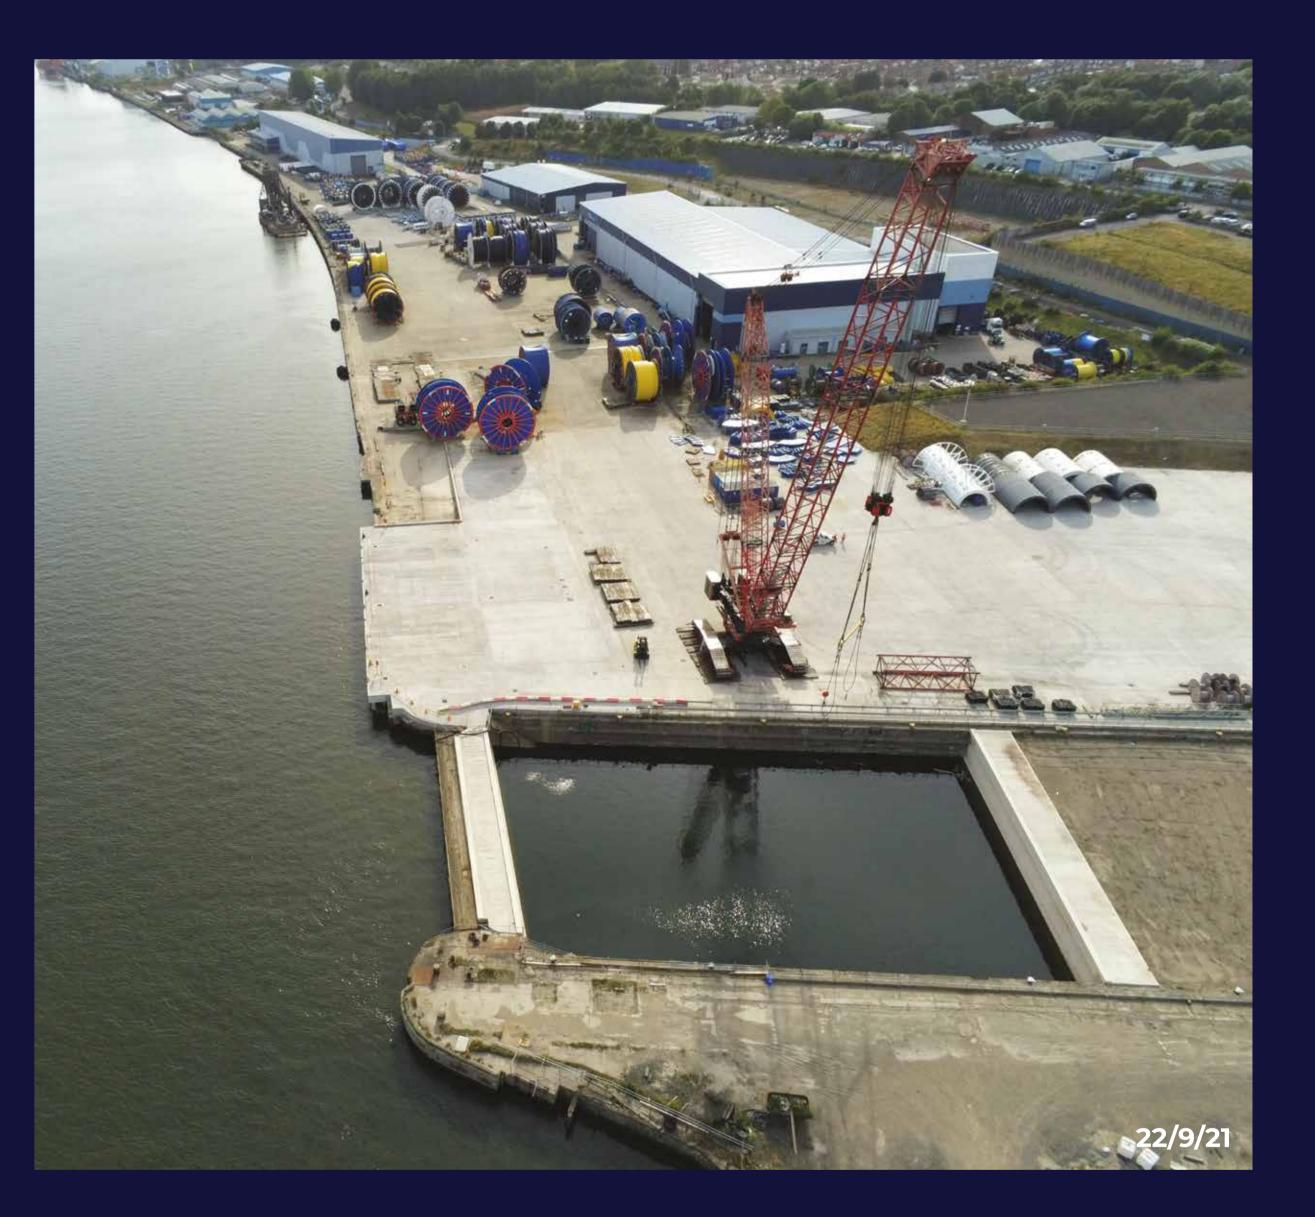

- Office Accommodation Available for Short/Long-Term Hire
- Warehousing Available
- Rigging and Lifting teams available

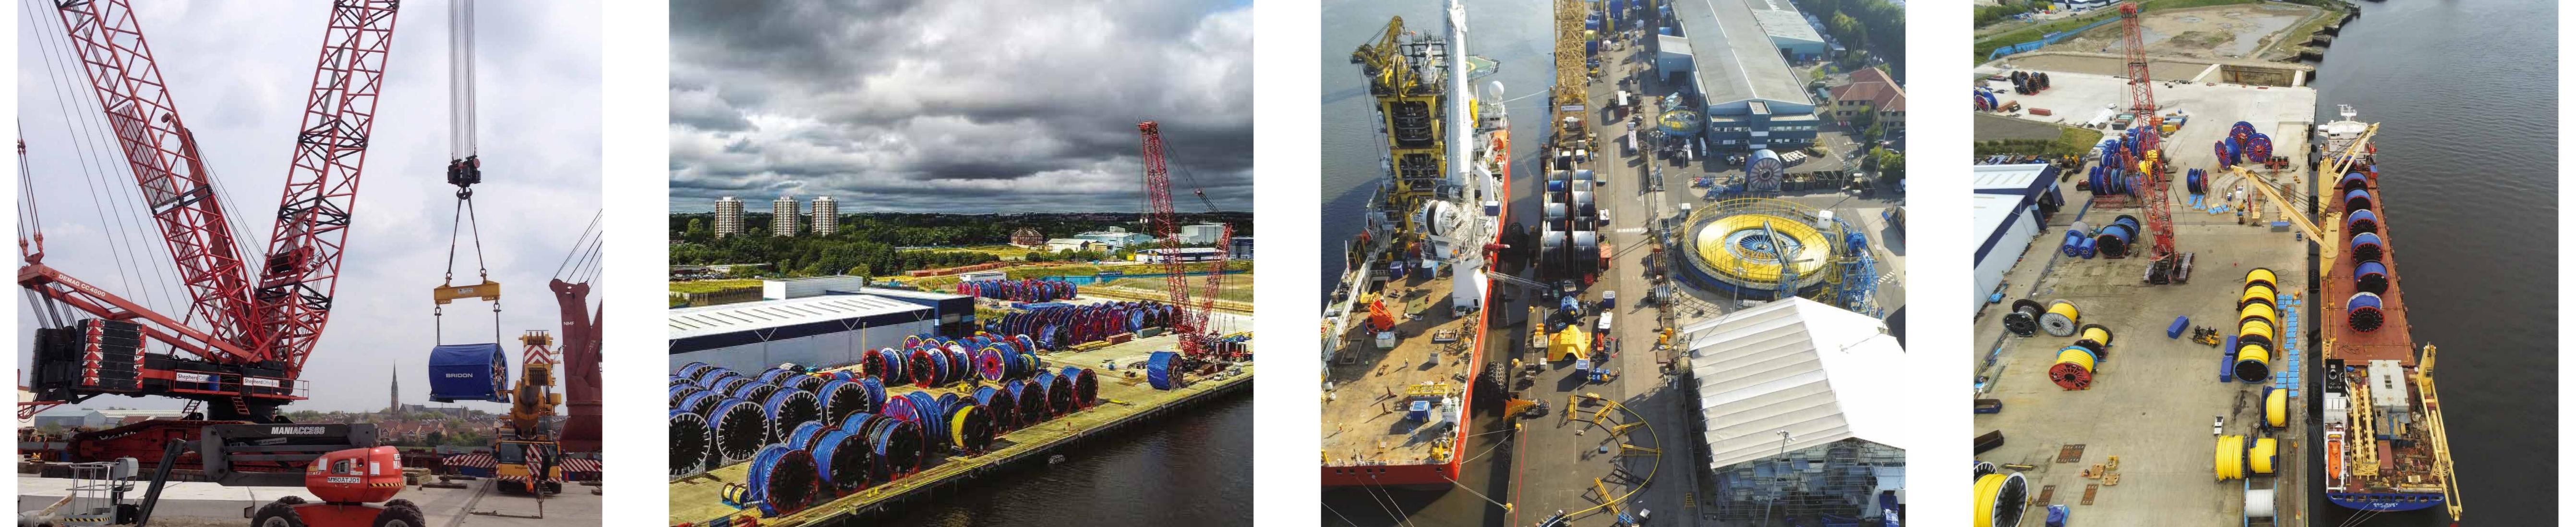

Water Retention Certificate approved for operation **ISPS security approved**

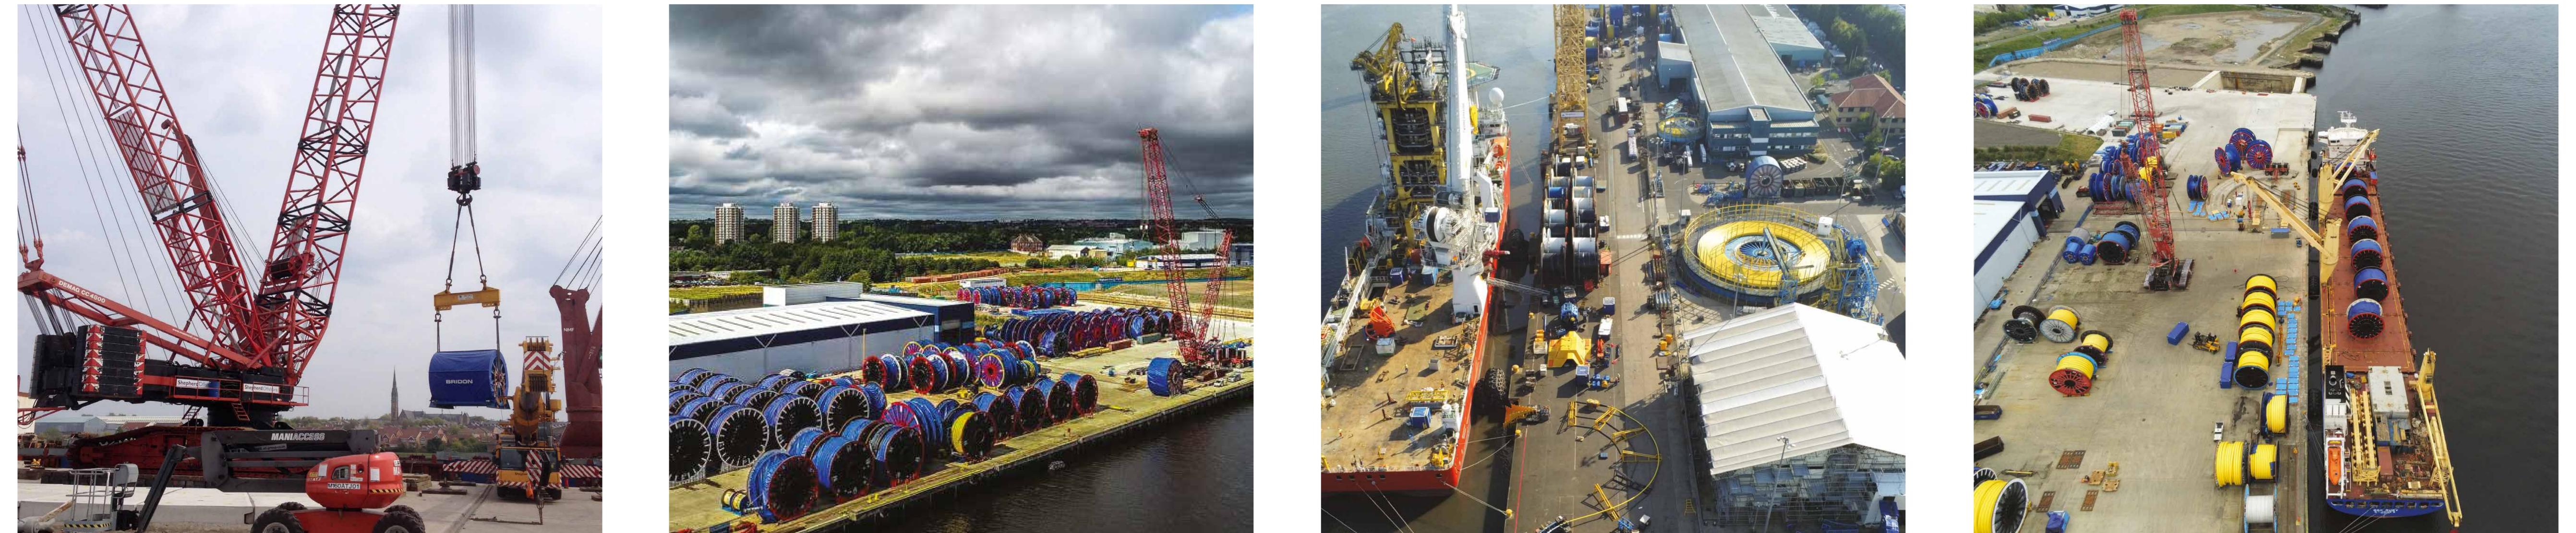

This project is supported by the North East Local Enterprise Partnership
