

Shepherd Offshore

Energising industry to support local, regional and global businesses

Deeply Committed

Offshore Technology Park, Neptune & Swans Energy Park,
Newcastle upon Tyne

Shepherd Offshore is one of the UK's leading service providers, developing and operating facilities while supporting world-class manufacturing within the North East of England, based on the North Bank of the River Tyne.

We are continually striving to create new capacity in the region through responsible regeneration. The backbone of Shepherd Offshore is to offer first-class service, safety, and flexibility, and in turn promote a world-class reputation in all that we do, supported by a positive and user-friendly approach to all our partners.
